ROLLINGDOG specializes in home improvement products, with its core items on painting tools. These tools include paintbrushes, painttrays, trays, mini-rollers, trays, sanding, surface protection products and more. With patented technology, ROLLINGDOG produces high-quality and innovative products to be the industry leader in China. They produce currently sell in more than 45 countries around the world.

With persistent investment in innovation, ROLLINGDOG continues to launch new products every year, always offering the ready-made innovative tools, but also innovative new designs that will shape the tastemakers.

We have established long-term business relationships with the following corporations by offering entire sales & display solutions.

ROLLINGDOG’s joint venture factories are conveniently located 6km away from the very busy industrial port in Ningbo. That means the steps from manufacturing to shipping are quicker and simpler, leading to faster order responses and improved logistics.

ROLLINGDOG’s production facilities are all accredited with the proper certifications such as SEDEX, BSCI, SQP, and WCA, giving our customers assurance of top-end production. With literally hundreds of factories to work with, we are in the area. ROLLINGDOG is able to focus on R&D to continue introducing market-leading products of our own design.
